UNDERSTANDING DoD IMPACT LEVELS

Impact Level (IL) Definition: Impact Levels are the combination of: 1. the sensitivity of the information to be stored and/or processed in the cloud; and 2. the potential impact of an event that results in the loss of confidentiality, integrity or availability of that information.

IL2
Accomodates DoD information that has been approved for public release (Low Confidentiality & Moderate Integrity)

IL4
Accomodates DoD Controlled Unclassified Information (CUI) (e.g. FOUO)

IL5
Accomodates DoD CUI & National Security Systems (NSS)

IL6
Accomodates DoD Classified Information up to SECRET
