PRIVACY IMPACT ASSESSMENT (PIA)

For the

Navy Medicine Online (NMO)

Department of the Navy – TMA DHP Funded System

SECTION 1: IS A PIA REQUIRED?

a. Will this Department of Defense (DoD) information system or electronic collection of information (referred to as an "electronic collection" for the purpose of this form) collect, maintain, use, and/or disseminate PII about members of the public, Federal personnel, contractors or foreign nationals employed at U.S. military facilities internationally? Choose one option from the choices below. (Choose (3) for foreign nationals).

☐ (1) Yes, from members of the general public.

☒ (2) Yes, from Federal personnel* and/or Federal contractors.

☐ (3) Yes, from both members of the general public and Federal personnel and/or Federal contractors.

☐ (4) No

* "Federal personnel" are referred to in the DoD IT Portfolio Repository (DITPR) as "Federal employees."

b. If "No," ensure that DITPR or the authoritative database that updates DITPR is annotated for the reason(s) why a PIA is not required. If the DoD information system or electronic collection is not in DITPR, ensure that the reason(s) are recorded in appropriate documentation.

c. If "Yes," then a PIA is required. Proceed to Section 2.
SECTION 2: PIA SUMMARY INFORMATION

a. Why is this PIA being created or updated? Choose one:

☐ New DoD Information System  ☐ New Electronic Collection
☒ Existing DoD Information System  ☐ Existing Electronic Collection
☐ Significantly Modified DoD Information System

b. Is this DoD information system registered in the DITPR or the DoD Secret Internet Protocol Router Network (SIPRNET) IT Registry?

☒ Yes, DITPR  Enter DITPR System Identification Number 196
☐ Yes, SIPRNET  Enter SIPRNET Identification Number
☐ No

c. Does this DoD information system have an IT investment Unique Project Identifier (UPI), required by section 53 of Office of Management and Budget (OMB) Circular A-11?

☒ Yes  ☐ No

If "Yes," enter UPI 007-97-01-15-02-0492-00

If unsure, consult the Component IT Budget Point of Contact to obtain the UPI.

d. Does this DoD information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information should be consistent.

☒ Yes  ☐ No

If "Yes," enter Privacy Act SORN Identifier N06150-2

DoD Component-assigned designator, not the Federal Register number.
Consult the Component Privacy Office for additional information or access DoD Privacy Act SORNs at: http://www.defenselink.mil/privacy/notices/

or

Date of submission for approval to Defense Privacy Office
Consult the Component Privacy Office for this date.
e. Does this DoD information system or electronic collection have an OMB Control Number?

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information.

This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.

☐ Yes

Enter OMB Control Number

Enter Expiration Date

☒ No

f. Authority to collect information. A Federal law, Executive Order of the President (EO), or DoD requirement must authorize the collection and maintenance of a system of records.

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be the same.

(2) Cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply.)

   (a) Whenever possible, cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

   (b) If a specific statute or EO does not exist, determine if an indirect statutory authority can be cited. An indirect authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

   (c) DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component should be identified.

g. Summary of DoD information system or electronic collection. Answers to these questions should be consistent with security guidelines for release of information to the public.

(1) Describe the purpose of this DoD information system or electronic collection and briefly describe the types of personal information about individuals collected in the system.

The Navy Medicine Online (NMO) Portal is Navy Medicine’s (NAVMED) centralized online portal presence. In addition to providing for the automation of many BUMED and NAVMISSA business processes, NMO serves a vital role in the overall process of collecting, analyzing, and brokering medical readiness data to and from critical and authoritative data sources into one common operational view that can be drilled down into individual units and personnel as needed.

NMO, as a data broker, does not actively collect PII as a source system. It provides reliable data through web-based, data brokering, database operations and networked services.

The types of PII collected in the system include: name, SSN, law enforcement, demographic, employment, education, medical, and disability information, and military records.

(2) Briefly describe the privacy risks associated with the PII collected and how these risks are addressed to safeguard privacy.

All systems are vulnerable to “insider threats.” NMO managers are vigilant to this threat by limiting system access to those individuals who have a defined need to access the information. There are defined criteria to identify who should have access to NMO. These individuals have gone through extensive background and employment investigations.

h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component (e.g., other DoD Components, Federal Agencies)? Indicate all that apply.

- [x] Within the DoD Component.
  Specify. NMO brokers medical readiness data to and from critical and authoritative data sources into one common operational view.

- [ ] Other DoD Components.
  Specify. 

- [ ] Other Federal Agencies.
  Specify. 

- [ ] State and Local Agencies.
Specify.

☐ Contractor (Enter name and describe the language in the contract that safeguards PII.)

Specify.

☐ Other (e.g., commercial providers, colleges).

Specify.

i. Do individuals have the opportunity to object to the collection of their PII?

☐ Yes  ☒ No

(1) If "Yes," describe method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object.

NMO does not collect PII directly from the patient - it is not the source system. It serves as a information data brokering service for individual medical readiness (IMR) data and the IMR Lite view as well.

j. Do individuals have the opportunity to consent to the specific uses of their PII?

☐ Yes  ☒ No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

NMO does not collect PII directly from the patient - it is not the source system. It serves as a information data brokering service for individual medical readiness (IMR) data and the IMR Lite view as well.
k. What information is provided to an individual when asked to provide PII data? Indicate all that apply.

☐ Privacy Act Statement  ☐ Privacy Advisory  ☒ None

Describe NMO does not collect PII directly from the patient - it is not the source system. It serves as a information data brokering service for individual medical readiness (IMR) data and the IMR Lite view as well.

NOTE:

Sections 1 and 2 above are to be posted to the Component's Web site. Posting of these Sections indicates that the PIA has been reviewed to ensure that appropriate safeguards are in place to protect privacy.

A Component may restrict the publication of Sections 1 and/or 2 if they contain information that would reveal sensitive information or raise security concerns.
