PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

1. DOD INFORMATION SYSTEM/ELECTRONIC COLLECTION NAME:
   Fund Administration and Standardized Document Automation (FASTDATA)

2. DOD COMPONENT NAME: Department of the Navy

3. PIA APPROVAL DATE: 06/18/18

SECTION 1: PII DESCRIPTION SUMMARY (FOR PUBLIC RELEASE)

a. The PII is: (Check one. Note: foreign nationals are included in general public.)
   [x] From Federal employees and/or Federal contractors
   [ ] From both members of the general public and Federal employees and/or Federal contractors
   [ ] Not Collected (if checked proceed to Section 4)

b. The PII is in a: (Check one)
   [x] Existing DoD Information System
   [ ] New DoD Information System
   [ ] New Electronic Collection
   [ ] Existing Electronic Collection

   c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.
   
      FASTDATA is a DoD financial feeder system to the STARS and SABRS official accounting systems. It serves as the single point of entry for all funding documents, job order numbers, funding authorizations, and other financial information. PII is limited to 2 funding documents in the application, the SF182 and SF1164, which are required by downstream systems preventing the application from moving away from collecting PII.

      The PII collected includes Name, Title, Social Security Number (SSN), truncated SSN, Date of Birth (DOB), Home Phone, Home Address, Disability Information, Office email, Office mailing address, Office Phone, Position, Payment, Expenditure, and Course Training Information.

   d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)
      
      The SF182 provides the proper line of accounting for obligating funds for training of DoD employees. Trainee SSN, DOB, Home Address and Phone are optional fields in Section A of the form. When entered, data is encrypted and the application will mask the display of the SSN with asterisks. The PII on this form is used by the local human resources office to record training and completion status in support of the individual's training plan. SF182s are typically paid via credit card, but can also be submitted to DFAS for payment. The SF1164 provides the proper line of accounting for obligating funds for reimbursement to employees. Name, Home Address, SSN, and Phone are available fields for input in Section 4 of the form. SF1164s must be submitted to DFAS via fax for payment processing. DFAS uses the PII to establish EFT payment for the individual. In cases where the full SSN must be printed on the document, as required by DFAS, users are able to complete the form(s) offline, and then record the document number and obligation in FASTDATA without entering the PII.

   e. Do individuals have the opportunity to object to the collection of their PII? [x] Yes [ ] No
      
      (1) If "Yes," describe the method by which individuals can object to the collection of PII.

      (2) If "No," state the reason why individuals cannot object to the collection of PII.

   f. Do individuals have the opportunity to consent to the specific uses of their PII? [x] Yes [ ] No
      
      (1) If "Yes," describe the method by which individuals can give or withhold their consent.
Individuals understand the use and requirements to secure training classes for career development or to get reimbursed. Once the information is collected, these forms are used for those purposes only.
