

PRIVACY IMPACT ASSESSMENT (PIA)

For the

Facilities Information System 2.0 (FIS)

Department of the Navy - Naval Facilities Engineering Command (NAVFAC)

SECTION 1: IS A PIA REQUIRED?

a. Will this Department of Defense (DoD) information system or electronic collection of information (referred to as an "electronic collection" for the purpose of this form) collect, maintain, use, and/or disseminate PII about members of the public, Federal personnel, contractors or foreign nationals employed at U.S. military facilities internationally? Choose one option from the choices below. (Choose (3) for foreign nationals).

- (1) Yes, from members of the general public.
- (2) Yes, from Federal personnel* and/or Federal contractors.
- (3) Yes, from both members of the general public and Federal personnel and/or Federal contractors.
- (4) No

* "Federal personnel" are referred to in the DoD IT Portfolio Repository (DITPR) as "Federal employees."

b. If "No," ensure that DITPR or the authoritative database that updates DITPR is annotated for the reason(s) why a PIA is not required. If the DoD information system or electronic collection is not in DITPR, ensure that the reason(s) are recorded in appropriate documentation.

c. If "Yes," then a PIA is required. Proceed to Section 2.

SECTION 2: PIA SUMMARY INFORMATION

a. Why is this PIA being created or updated? Choose one:

- New DoD Information System
- Existing DoD Information System
- Significantly Modified DoD Information System
- New Electronic Collection
- Existing Electronic Collection

b. Is this DoD information system registered in the DITPR or the DoD Secret Internet Protocol Router Network (SIPRNET) IT Registry?

- Yes, DITPR Enter DITPR System Identification Number
- Yes, SIPRNET Enter SIPRNET Identification Number
- No

c. Does this DoD information system have an IT investment Unique Project Identifier (UPI), required by section 53 of Office of Management and Budget (OMB) Circular A-11?

- Yes
- No

If "Yes," enter UPI

If unsure, consult the Component IT Budget Point of Contact to obtain the UPI.

d. Does this DoD information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information should be consistent.

- Yes
- No

If "Yes," enter Privacy Act SORN Identifier

DoD Component-assigned designator, not the Federal Register number.
Consult the Component Privacy Office for additional information or
access DoD Privacy Act SORNs at: <http://www.defenselink.mil/privacy/notices/>

or

Date of submission for approval to Defense Privacy Office

Consult the Component Privacy Office for this date.

e. Does this DoD information system or electronic collection have an OMB Control Number?

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information.

This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.

Yes

Enter OMB Control Number

Enter Expiration Date

No

f. Authority to collect information. A Federal law, Executive Order of the President (EO), or DoD requirement must authorize the collection and maintenance of a system of records.

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be the same.

(2) Cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply.)

(a) Whenever possible, cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If a specific statute or EO does not exist, determine if an indirect statutory authority can be cited. An indirect authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component should be identified.

SORN authorities:

5 U.S.C. 301, Departmental Regulations

5 U.S.C. 301, Chapter 53, Pay Rates and Systems; Chapter 55, Pay Administration; Chapter 61, Hours of Work; Chapter 63, Leave

31 U.S.C. Chapter 35, Accounting and Collection

DoD Financial Management Regulation (DoDFMR) 7000.14-R, Vol. 4 and Vol. 8.

E.O. 9397 (SSN), as amended

g. Summary of DoD information system or electronic collection. Answers to these questions should be consistent with security guidelines for release of information to the public.

(1) Describe the purpose of this DoD information system or electronic collection and briefly describe the types of personal information about individuals collected in the system.

The mission of FIS is to manage design, construction, maintenance, and demolition project information for US Navy shore facilities worldwide. Managing Indirect Costs such as Labor, Travel, Printing and Training costs are included in the overall financial information that is managed. A portion of the financial data collected in the FIS system mission is Civilian and Foreign National Labor Costs by employee. The name and SSN of these employees are carried for verification, correction and adjustment purposes.

FIS is hosted at the DISA Defense Enterprise Computing Center (DECC) Ogden UT.

PII collected: Name, SSN, Financial Information.

(2) Briefly describe the privacy risks associated with the PII collected and how these risks are addressed to safeguard privacy.

The perceived threats are primarily computer hackers, disgruntled employees, state sponsored information warfare, and acts of nature (e.g., fire, flood, etc.). All systems are at risk because they may be vulnerable to unauthorized intrusion and hacking. There are risks that FIS information could be compromised. Because of this possibility, appropriate security and access controls listed in this PIA are in place. Since FIS operates on the NMCI Network, there is a risk that security controls could be disabled for maintenance and other purposes. The risk would be that the security controls would not be reset. All systems are vulnerable to "insider threats". FIS managers are vigilant to this threat by limiting system access to those individuals who have a defined need to access the information. There are defined criteria to identify who should have access to this system. These individuals have gone through extensive background and employment investigations.

The risk associated with collection of employee name and SSN data is the possibility of inadvertent release of that data. To safeguard privacy, all access to FIS is secured by CAC and User-ID/Password methods approved by NAVNETWARCOM. Access to data by any authorized FIS user is limited to those with a need-to-know, and secured by system "Role Codes" that are administered by FIS System Administrators. Actual PII data in the FIS database is encrypted using a 128-bit encryption scheme to avoid ad-hoc querying of the data.

h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component (e.g., other DoD Components, Federal Agencies)? Indicate all that apply.

Within the DoD Component.

Specify.

Other DoD Components.

Specify.

Other Federal Agencies.

Specify.

State and Local Agencies.

Specify.

Contractor (Enter name and describe the language in the contract that safeguards PII.)

Specify.

Other (e.g., commercial providers, colleges).

Specify.

i. Do individuals have the opportunity to object to the collection of their PII?

Yes No

(1) If "Yes," describe method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object.

Personal information is not collected from the individual.

All individuals with PII data managed in FIS are NAVFAC employees that are paid through DCPS and their Labor is distributed through FIS.

There is no process for consent or objection.

j. Do individuals have the opportunity to consent to the specific uses of their PII?

Yes No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

Personal information is not collected from the individual.

All individuals with PII data managed in FIS are NAVFAC employees that are paid through DCPS and their Labor is distributed through FIS.

There is no process for consent or objection.

k. What information is provided to an individual when asked to provide PII data? Indicate all that apply.

- | | |
|--|---|
| <input type="checkbox"/> Privacy Act Statement | <input type="checkbox"/> Privacy Advisory |
| <input type="checkbox"/> Other | <input checked="" type="checkbox"/> None |

Describe each applicable format.

Personal information is not collected from the individual. Name, SSN, and financial information within the Labor detail records are received from Defense Civilian Payroll System (DCPS).

NOTE:

Sections 1 and 2 above are to be posted to the Component's Web site. Posting of these Sections indicates that the PIA has been reviewed to ensure that appropriate safeguards are in place to protect privacy.

A Component may restrict the publication of Sections 1 and/or 2 if they contain information that would reveal sensitive information or raise security concerns.
