g. Summary of DoD information system or electronic collection. Answers to these questions should be consistent with security guidelines for release of information to the public.

(1) Describe the purpose of this DoD information system or electronic collection and briefly describe the types of personal information about individuals collected in the system.

CeTARS is MPTE’s (OPNAV N1) premier Student Training Management System which serves as the authoritative data source for all formal Navy Training statistical Information and aspects of student management, as defined in OPNAV Instruction 1510.10C; which mandates and standardizes Student reporting at all Navy training activities, or activities that ‘train’ Navy students. Every formal course of instruction conducted throughout the Navy is required to accurately report student statuses to CeTARS.

CeTARS ensures functionality for the timely collection and dissemination of that information to manage and support Navy training from various Navy Echelons, other DoD departments, agencies, services, contractors, and authorized foreign governments, with over 4,000 users located at more than 300 locations worldwide; management and tracking over 1,000 courses, with an average daily attendance of over 50,000 students.

CeTARS interfaces with 31 other Applications and Systems (Navy, Army, Marine Corps, BUMED, etc.) to share student data and order writing capabilities in support of MPTE enterprise efforts. MPTE has identified CeTARS as major integration partner with several enterprise initiatives, such as Personalized Recruiting for Immediate and Delayed Enlistment Modernization (PRIDE MOD I & II) and next generation Learning Management System - Distant Learning (LMS-DL), as delineated in their IT Business and Strategic Plans, and in conjunction with POM planning.

Personal information collected includes: Name, SSN, truncated SSN, DoD ID number, citizenship, gender, race/ethnicity, birth date, place of birth, home telephone number, mailing/home address, religious preference, security clearance, marital status, Medical information: blood type; military records, emergency contact, Military and Educational information collected/maintained includes: Education Specialties, Education Certifications, Education Majors, Non-Military Education, GI Bill Enroll Codes, Education Years, Education completion date. Armed Services Vocational Aptitude Battery (ASVAB) score, also known as the Armed Forces Qualification Test (AFQT) score; Spouse, Child, and Emergency contact information: If person is an Exceptional Family Member (EFM), relationship, last name, first name, middle name, birth date, service code, street, city, state, country, zip code, area code, phone, extension, unlisted; Disability information: type of disability and/or disability code; Other: If EFM then one of the following, medical/educational condition requires monitoring; medical/educational condition requires special placement; sponsor exempt from overseas assignment; requires sponsor assignment near major medical facility; requires sponsor homesteading; temporary enrollment.

(2) Briefly describe the privacy risks associated with the PII collected and how these risks are addressed to safeguard privacy.

Access to view and/or update Privacy Act (PA) and Personally Identifiable Information (PII) is tightly controlled. These capabilities are protected in accordance with DoD and Department of Navy (DoN) PA and PII instructions. A user's official "need to know" must be established and access is role based. A System Authorization Access Request (SAAR-N) must be on file at the user's activity or command for viewing and updating sensitive data in CeTARS.
h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component (e.g., other DoD Components, Federal Agencies)? Indicate all that apply.

  - Naval Air Warfare Center (NAWC)
  - Naval Aviation Schools Command (NASC)
  - Naval Center for Cost Analysis (NCCA)
  - Navy Training Management and Planning System (NTMPS)

- **Other DoD Components.**
  - Defense Enrollment Eligibility Reporting System (DEERS)

- **Contractor** (Enter name and describe the language in the contract that safeguards PII.)
  - N/A

- **Other** (e.g., commercial providers, colleges).
  - N/A

i. Do individuals have the opportunity to object to the collection of their PII?

- Yes
- No

(1) If "Yes," describe method by which individuals can object to the collection of PII.
(2) If "No," state the reason why individuals cannot object.

The PII in CeTARS is not collected directly from the individual. It is obtained from other Navy IT systems (e.g., NES, OPINS, PRIDE MOD).

j. Do individuals have the opportunity to consent to the specific uses of their PII?

☐ Yes  ☒ No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

The PII in CeTARS is not collected directly from the individual. It is obtained from other Navy IT systems (e.g., NES, OPINS, PRIDE MOD).

k. What information is provided to an individual when asked to provide PII data? Indicate all that apply.

☐ Privacy Act Statement  ☐ Privacy Advisory

☐ Other  ☒ None

Describe each applicable format. The PII in CeTARS is not collected directly from the individual. It is obtained from other Navy IT systems (e.g., NES, OPINS, PRIDE MOD). The SAAR-N is only received by NETPDT Systems branch when access for Secure File Transfer Protocol (SFTP) access account is requested. This data is not input into CeTARS.
NOTE:

Sections 1 and 2 above are to be posted to the Component's Web site. Posting of these Sections indicates that the PIA has been reviewed to ensure that appropriate safeguards are in place to protect privacy.

A Component may restrict the publication of Sections 1 and/or 2 if they contain information that would reveal sensitive information or raise security concerns.
