

# Driving Competitive Advantage

Build Information Superiority to Win the Naval Fight

**MODERNIZE**

*Bring the DON infrastructure to parity with industry*

**INNOVATE**

*Drive capability outcomes for competitive advantage, at speed*

**DEFEND**

*Defend forward with robust information protection*

**Achieving Outcomes**

**Fully Leverage Artificial Intelligence**

**Naval Mesh [5G, Tactical Grid, Networks]**

**Fully Leverage Cloud/JEDI**

**Flat, Dependable, Performant Network**

**Bring the DON Infrastructure to Parity with Industry**

Defend forward with continuous, robust information protection (monitoring phishing, auto-red-team)

Single identity access solution that interfaces with OOD

Secure, optimal supply chain and logistics that enables readiness (CMCC, legislation)

“Right to operate” mentality. Cybersecurity as a constant state (Cyber Sentry)

Cyber empowered workforce (11 Cyber General Orders, cyber expected recruiting)

Standard capability across platforms managed as a portfolio of services, at speed
