**MEMORANDUM FOR DISTRIBUTION**

**Subj: RELEASE OF DEPARTMENT OF THE NAVY ARCHITECTURE DEVELOPMENT GUIDE (ADG) VERSION 2.0**

- Ref: (a) DON CIO Memo, Department of the Navy DOD Architecture Framework v2.0 Implementation Guidance of 22 Mar 10  
(b) DON CIO Memo, Department of the Navy Architecture Product Guide Version 1.0 of 4 Nov 09  
(c) SECNAVINST 5000.2D, Implementation and Operation of the Defense Acquisition System and Joint Capabilities Integration and Development System, of 16 Oct 08

Encl: (1) DON Architecture Development Guide (ADG) Version 2.0

The purpose of this memorandum is to release the Department of the Navy Architecture Development Guide (ADG) Version 2.0 as enclosure (1). The purpose of the ADG, formerly published as the Architecture Product Guide (APG), is to provide architectural practitioners with guidance and best practices necessary to develop and maintain architecture models within the Department of the Navy (DON). The approach being implemented with the ADG is to gradually adopt the style and format specified in the Department of Defense Architecture Framework (DoDAF) Version 2.0. This document supersedes and rescinds references (a) and (b).

Use of the ADG will enable uniform development and analysis of DoDAF models in support of requirements and acquisition processes outlined in reference (c). The DON ADG may be downloaded at <https://www.intelink.gov/wiki/DONEA>.

The DON CIO point of contact for the DON Enterprise Architecture is Ms. Fumie Wingo, [fumie.wingo@navy.mil](mailto:fumie.wingo@navy.mil), (703) 697-0066 and for DoDAF is Mr. Greg Allen, [gregory.j.allen@navy.mil](mailto:gregory.j.allen@navy.mil), (703) 697-0018.

A handwritten signature in black ink, appearing to read "Terry A. Halvorsen".
