PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to the system.

a. The PII is: (Check one. Note: foreign nationals are included in general public.)
   - From members of the general public
   - From Federal employees and/or Federal contractors
   - From both members of the general public and Federal employees and/or Federal contractors

The principle mission of JPATS-TIMS is to support the training of naval aviators and naval flight officers. JPATS-TIMS supports primary, intermediate, and advanced training for Navy, Marine Corps, Coast Guard and international students. This system provides the resources for scheduling management, performance measurement, and manages all training activities to include scheduling, creation of grade sheets, flight records, resource allocation, qualification and currency tracking, academics and computer-aided instruction, long-range planning, and all training reports through HQ-DSS. Training is conducted across five Training Air Wings (TW) home-based at Naval Air Station (NAS) Meridian; NAS Kingsville; NAS Corpus Christi; NAS Whiting Field; and NAS Pensacola.

PII contained in JPATS-TIMS legacy databases includes: name, other names used, SSN, DoD ID Number, Officer File Number, citizenship, legal status, gender, race/ethnicity, birth date, place of birth, personal cell telephone number, home telephone number, personal e-mail address, mailing/home address, religious preference, security clearance, marital status, spouse and child information, biometrics, medical and disability information, waivers and medical conditions that have been approved for a pilot to continue flying, military records that include Grade, Date of Rank, Military Designation Code, Military Designation Date, home base, education information to include name of school and/or university, emergency contacts.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

PII collection and use supports identification, verification and collection in support of individual records for the Naval Aviation Training program. The requirement for the data collected is to discharge the Component program mission requiring the Chief of Naval Air Training (CNATRA) to maintain an up-to-date student flight record and to evaluate the student's individual training progress and aircraft, medical, and physiological qualifications.

The intended use of the PII data collected is to support both the mission and administrative support actions associated with Naval Aviation Training. Data is used during the training of Naval Aviators in the collection, collation, analysis and selection processes needed to properly guide student aviators into the correct aircraft models. Assessments are based on skills, qualifications, training accomplishments, capabilities and human resource capital assessments of fitness for aviation duties, as are the basis for decisions regarding completion or termination of training, as well as various reports made to DON authorities.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

Students can object to providing the requested information. However, in doing so creation of their user account which is required for participation in the aviation training program could not be completed.
f. Do individuals have the opportunity to consent to the specific uses of their PII?  

<table>

(1) If "Yes," describe the method by which individuals can give or withhold their consent. 

Once a student provides their PII consent is assumed. 

(2) If "No," state the reason why individuals cannot give or withhold their consent.

**h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component?**

- **Within the DoD Component**
  - Specify.
  - Training records are shared within the Naval Aviation Training Command including the USN and USMC by designated Program Managers, Naval Aviation personnel, and authorized system users based upon defined user profiles and levels of access required and authorized.

- **Other DoD Components**

  - Student records will be shared between DoD components to include the USAF based on student aviators and instructor pilots that are involved in the Naval Aviation training program under CNATRA.

- **Other Federal Agencies**
  - Specify.
  - Student records will be shared with USCG. Two years after the completion of training, hard copy files of student Aviation Training Jackets are retired to the Federal Records Center, Fort Worth, Texas. In addition, in the event of a flight violation or mishap, information contained within the system may be provided to the FAA or NTSB.

- **State and Local Agencies**
  - Specify.

**k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?**
A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

[ ] Yes  [ ] No

If "Yes," enter SORN System Identifier

[SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or http://dpcltd.defense.gov/Privacy/SORNs/]

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date.

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

I. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?

(1) NARA Job Number or General Records Schedule Authority.

DAA-NU-2015-0001-0033/SSIC-1500

(2) If pending, provide the date the SF-115 was submitted to NARA.

(3) Retention Instructions.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.

(2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).

(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

SORN N01542-1, Aviation Training Jacket (March 18, 1997, 62 FR 12806), authorities:

CNATRA Instruction 1500.4J.

n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?
