Enterprise Data Warehouse (WCEDW) is an Enterprise-wide data warehouse integrating workload, workforce, financial, and organizational management data (e.g., plans, customers, people, funding, execution, procurements, etc.). WCEDW delivers a system of management information, decision support data, and executive level information through an integrated set of web-enabled tools including ad-hoc query, multi-dimensional analysis, and reporting. These capabilities are critical to business processes supporting the Technical Programs and their missions. WCEDW is used by NAVSEA General Fund, NSWC/NUWC Corporate staff, line managers, program managers, and analysts within the Warfare Center Divisions and Warfare Center Headquarters.

PII collected from Navy ERP and DCPDS includes: Name, SSN, gender, DOB, place of birth, financial information, education information.

PII is not collected directly from the individual. The PII info is obtained from the source systems and used as a unique identifier for data matching at the database level.

**f. Do individuals have the opportunity to consent to the specific uses of their PII?**

- [ ] Yes  [x] No

1. If "Yes," describe the method by which individuals can give or withhold their consent.
2. If "No," state the reason why individuals cannot give or withhold their consent.

PII is not collected directly from the individual. The PII info is obtained from the source systems and used as a unique identifier for data matching at the database level.

- [x] Yes
- [ ] No

If "Yes," enter SORN System Identifier: NM05000-2

or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date.
If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

(1) NARA Job Number or General Records Schedule Authority.  

(2) If pending, provide the date the SF-115 was submitted to NARA.

(3) Retention Instructions.

WCEDW is not a System of Record and does not store records. WCEDW integrates data from multiple Systems of Record, enabling customers to perform data analysis with this integrated source data. Consistent with SORN NM05000-2, the retention and disposal is to destroy when no longer needed or after two years, whichever is later.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.

(2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).

(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.
